Swatch Bharath Abhiyan & World Environment Day

As a part of 'Swatch Bharath Abhiyan' the Coordination Committee of Central Government Pensioners' Associations (CCCGPA), Karnataka, under the auspices of the Pensioners Associations of Autonomous/ Statutory bodies of Central Government, arranged a function at Shri Vivekananda School, Banashankari 1st Stage, Bengaluru on 5.6.2018, which also happened to be 'World Environment Day'. A good number of pensioners from several Pensioners' Associations, Teachers and students of Swamy Vivekananda School participated in the Abhiyan. Sri L.A. Ravisubramanya, Member, Karnataka Legislative Assembly, Basavanagudi Constituency and Smt.Savitha Mayanna Gowda, Councilor, BBMP Ward No. 56, graced the occasion.

To bring awareness among the general public and to spread the message of 'Clean Bharat', Banners, Posters and Placards with messages written in English and Kannada languages on "Swachhta" were placed in the road leading to the School, in the School Campus and at the venue of the meeting. An essay competition on cleanliness was conducted in which about 100 students from schools in the area participated. Prizes were given to the students who had secured the first, second and third places in the competition. Participation certificates were given to all other participating students.

Programme commenced with the invocation by Shri Keshavakumar, Retd. AC, Income Tax. Shri L. Sathyanarayana Rao, retired teacher of the school, who compered the function, gave a brief introduction about the function. He said that Indians have always cared about the nature, so much so that we call the earth 'Mother' and worship trees, animals as gods. He quoted and explained Bankim Chandra Chatterjee's famous composition 'Vande Matharam'.

Shri S.Radhakrishna, General Secretary, CCCGPA delivered the welcome speech. He welcomed Shri Ravi Subramanya, MLA, Basavanagudi Constituency, Smt. Savitha Mayanna Gowda, Corporator, Hanumanthanagara BBMP Ward-56, Shri H.V.Shankar, Secretary, Vivekananda Educational Society, Shri K.B.Krishna Rao, Chairman, CCCGPA, Shri Nagaraj, Retired Teacher of the school, all the pensioners and the students of the school, attending the function.

Shri Nagaraj spoke at length about the necessity for protecting the environment. He said that in 1977, United Nations Organisation declared 5th June every year to be observed as 'Environment Day' to bring awareness among the people about the necessity of preserving the environment. Man, he said, thinking that all natural resources on the earth are there only for his use, has been making excess and unnecessary usage of these resources for more than a century now. As a result of such over exploitation, not only the resources are depleting, but also the whole planet is getting polluted. He explained how, on the one hand, the very air that we breathe is no longer pure because of the emission of carbon monoxide from unchecked use of petrol vehicles resulting in raise in temperature and how the rivers are getting dirtier from dumping factory wastage. On the other hand, we are denuding forests for agriculture and housing. The forests are necessary for timely rains and protection of flora and fauna. Trees are essential for keeping the air clean, as they absorb carbon dioxide and give out oxygen. He also explained how, the man made plastic is causing untold damage to the environment. Within decades of its invention, it is being used in all countries and in all forms. But plastic cannot be destroyed. It won't even decompose, however long buried in earth. Plastic is now so all pervading that it is doubtful whether we can

stop using it fully. However, we have to reduce its usage to the minimum by whatever means at our disposal.

Shri Nagaraj said that man's selfishness has led to the environmental problem. By the time man realised the extent of destruction of the environment, it was late, but not too late. That is why UNO had to declare observance of 'World Environment Day' in 1977. This year UNO motto for the day is "Beat Plastic Pollution". Shri Nagaraj also explained the 'Swatch Bharath Abhiyan' (Clean India Movement), started in 2015 by the Government of India. He advised the young students to care for nature.

Smt. Savitha Mayanna Gowda, BBMP Councillor said that the Corporation of Bengaluru has made a programme of distributing free saplings. She bemoaned felling of trees and said as per a recent study there is only one tree for seven people in Bengaluru whereas there must be seven trees for one citizen. She talked about the garbage disposal problem in Bengaluru. She assured supply of saplings to the School to continue with their programme of "planting trees" in the campus and in the area. She also advised the students to keep the school clean by disposing of used stationeries properly. She asked them to prevail upon their mothers to segregate garbage in their houses. She thanked the CCCGPA and the school for arranging the function and assured her help. She was presented with a shawl and fruit basket by Shri K.B.Krishna Rao, President.

Shri H.V.Shankar, Secretary, Vivekananda Educational Society, spoke about global warming and how cities have become concrete jungles. He also advised the students to keep the school surroundings clean. He said that everybody should contribute towards saving the planet in any capacity, however small. He also thanked CCCGPA for choosing his school to hold the function in. He was honoured with a shawl and a fruit basket.

Shri S.Radhakrishna spoke about the hidden and invisible effects of electro-magnetic waves caused by Metro and usage of other modern technology. He explained that Pensioners' Associations are supplying some necessary equipment to some schools and doing other social work, as a token of gratitude towards society that gave pensioners comfortable living. He thanked Shri Ravi Subrmanaya MLA for attending the function in spite of his busy schedule and requested him to help in the matter of extension of 7th CPC benefits to the Autonomous Body pensioners from 1-1-2016 on par with other Central pensioners, since the department of Commerce has decided to extend the 7th CPC benefits to them only from 1-1-2018. He thanked Shri Shankar for allowing CCCGPA to hold the function in the school premises. He also read out the pledge of 'Swatch Bharath' in Kannada and English, which was taken by all. The pledge was readout in Hindi also by Shri Puranik.

Head Master of the School spoke about the preservation of forests and wildlife. He said that man's attitude towards environment should change and that he should realise that this planet belongs to every human being and every animal or plant.

Chief Guest, Shri Ravi Subramanya, MLA, symbolically planted a sapling to mark observance of the "Environment day". He distributed mementos and certificates to the 3 students of the school, who won the essay competition on 'environment' conducted by CCCGPA. He spoke about clean environment and clean mind. He also advised the students about the necessity to keep our city clean. He thanked senior citizens for inviting him to the function. He also promised to do what he could in the matter of Autonomous Body Pensioners and asked Shri Radhakrishna to meet him after some days. He was felicitated by the President with a shawl and a fruit basket.

Shri K.B.Krishna Rao, Chairman CCCGPA proposed vote of thanks to the Chief

Guest, Guest of honour, the School Management, pensioners and all the students, who attended the function and specially to Shri Suryaprakash, Joint General Secretary of CCCGPA for the excellent arrangements made. Voicing his concern about indiscriminate use of plastic, which is the main cause of pollution, implored upon all citizens to avoid use of plastic, especially "single use plastic products" like bottles, spoons, cups etc. He also

suggested limited use of private transport vehicles to reduce air and sound pollution. Underscoring the importance of keeping our rivers clean, he said that we should stop polluting our rivers with discarded plastic and other waste materials, since as per a study, by 2050, there will be more plastic than fish in the seas.

The function ended with National Anthem at 1.30 PM.

Our Readers write

Mr B A Shetty's letter (May2018) strangely advances an argument that the feedback published in our journal is mostly a 'flattery' and that 'good work done does not need any appreciation'.

The column introduced last year reflects how sensitive our readers are to the information given in our journal and how they put into words the full impact of the news. There is nothing wrong in praising the editor for selecting and grading the information relevant to the pensioners whose cause the journal has been espousing for the last two decades.

The principles and purpose of journalism are defined by... 'the function news plays in the life of people' (read pensioners). The well-meaning readers choose words to say that they 'would like to preserve the journal' 'the worksheet of revised pension was very helpful', etc. The phraseology is spontaneous and there is no need for restricting it. Such an expression of appreciation gives strength to the person rendering selfless service to others.

'Flattery' is insincere compliment. On the other hand, a flatterer does so to gratify vanity or self-esteem or in the hope of expecting a favour. To call frank expression of readers' thankfulness as 'flattery' is out and out 'terminological inexactitude' to use the weighty phrase of the famous lexicographer Dr Samuel Johnson.

It may be added here that amidst the multiplicity of organizational affairs, the editor brings out the journal in time by putting his heart and soul in to it. The editor does his job alone without the assistance as I could observe when in Bengaluru. No remuneration is paid to him for the work. This is an expression of good will. Let this not be mistaken for 'flattery'.

I read with interest the comments made by Sri B A Shetty. I welcome the column introduced in *Pensioners' Champion*. English Daily News papers in their columns 'Letters to editor' provide an opportunity to their readers to express their views on several issues. Good work done requires appreciation and such letters from readers have to be published in the Journal.

World Elder Abuse Awareness Day

Elder Abuse - Sons are the foremost perpetrators

Findings of 2018 'Elder Abuse Study' published in The Hindu 15th June 2018

Report released by Help Age India on Thursday, 14th June 2018

The study covered 23 cities across India. 25% of 5,014 respondents said that they experienced abuse

Elder abuse starts at home with the people closest to senior citizens guilty of mental and physical abuse

Of the 5014 respondents, 52% said that they had been abused by their sons while 34% said that the perpetrators were their daughters-in-law

Most common form of abuse: Disrespect 56%, Verbal abuse 49%, Neglect 33%, beating/slapping 12%

70% of the abusers were educated up to the 12th standard, 40% were skilled workers

Main reason for abuse: Abuser wanting to live independently (26%), Property (22%), lack of resources to meet the needs of elders (22%) Dislike for the senior's way of living (23%)

25% of the respondents said that their children saw them as a burden

Reporting is low

Though there is greater understanding among seniors about abuse, reporting remains dismally low. 82% failed to report the abuse to any person or agency, 52% did not report to maintain confidentiality, 34% did not know how to deal with the problem.

Percentage of elder abuse at city level

Mangaluru 47%, Ahmedabad 46%, Bhopal 39%, Delhi 33%, Chennai 27% Bengaluru 26%.

Expert legal opinion

Laws cannot stop elder abuse. Children should be sensitized from a young age to respect their elders.
